github.com/Gintstir | gintstir.github.io/react-portfolio/#/ | linkedin.com/in/gintautas-stirbys/

Front-end web developer with experience in designing, developing, and maintaining online content. Skilled in responsive mobile-first web design and customer service. Adept at creative problem solving. Passionate about developing apps, with a focus on user-friendly UI/UX. Skilled at collaborating with a team and driven to deliver high quality products. Looking forward to applying my skills and passion for programming as a part of a fast-paced, quality-driven team to build better experiences on the web.
